

ST RICHARD'S

VC ACADEMY

Monday 9th November

Dear Parents/Carers,

On Friday 13th November it is Children in Need and although our options are limited due to the pandemic, we still want to celebrate and raise money. This year's theme is 'Thrive to Five' based upon physical and mental well-being. We have decided that on Friday, children should wear that own colorful clothes for a donation of £1 per family. Donations can be made at <https://donations.bbcchildreninneed.co.uk/>

As some of our school community are still self-isolating, in order to get everyone involved, we will be running a competition. Each child will be asked to design a teddy. It can be a teddy for themselves or someone else. We are looking for careful attention to detail, neat colouring and a unique selling point by which we mean something that makes your teddy stand out from the rest.

Those self-isolating can bring their picture in when they return to school and the rest will get an opportunity to design and colour their teddy in school.

There will be a prize in each phase for the most innovative design - so get thinking!

The children may also like to watch Joe Wickes complete some of his 24hour PE challenge; they could even join in for a short period of time!

Kind Regards
The staff at St Richard's
