

General Risk Assessment Form

SCHOOL / DEPARTMENT	St Richard's VC Academy -Trust Primary Schools (March 2021 Full Return)	LOCATION / SITE	Whole Site
ACTIVITY	Coronavirus (COVID-19)	ASSESSOR(S)	S Teasdale & J Foster (E Cook)
DATE OF ASSESSMENT	26.02.21	NEXT REVIEW	Ongoing
REASON FOR ASSESSMENT (i.e. initial, periodic review, following an incident etc)	To provide a COVID-19 Secure environment across all St Cuthbert's Roman Catholic Academy Primary Schools	PERSON / GROUP AT RISK (i.e. staff, visitors, contractors,	Staff / students / visitors / contractors / members of the public

Consequence	Description	Likelihood	Description
Extreme 5	Fatality.	Certain 5	Expected to occur in most circumstances.
Specified 4	As specified injury as defined in RIDDOR	Likely 4	Will probably occur in most circumstances.
Serious 3	An >7-day injury, dangerous occurrence or reportable disease as defined in RIDDOR	Possible 3	Might occur at some time.
Minor 2	Injury resulting in an absence from work or being unable to undertake normal duties for >1 but <7 days.	Unlikely 2	Not expected but conceivable, could occur sometime.
Trivial 1	Injury resulting in an absence from work or being unable to undertake normal duties for <1 day.	Rare 1	Not expected and would only occur in exceptional circumstances.

Risk Rating = (C) x (L)

16-25	Prohibited	Unacceptable	Work should not be started or continued until the risk has been reduced. Additional risk control measures required.
12-15	High	Tolerable if actions met	Work should be strictly limited until the risk has been reduced. Can only be undertaken with the written consent of the Head of Service. Additional risk control measures required.
6-10	Medium	Tolerable if actions met	Control measures as a minimum meet legislative requirements. Actions taken to reduce risk to as low as reasonably practicable. Additional risk control measures may be required.
1-5	Low	Acceptable if actions met	

Hazard	<p style="text-align: center;">Controls</p> <p style="text-align: center;">Procedures and precautions <u>currently</u> in place</p>	<p style="text-align: center;">Consequence (C)</p> <p style="text-align: center;">1=Trivial 5=Extreme</p>	<p style="text-align: center;">Likelihood (L)</p> <p style="text-align: center;">1=Rare 5=Certain</p>	<p style="text-align: center;">Risk Rating</p>	<p style="text-align: center;">Residual Risk Control</p>
<p>Effective infection protection and control against COVID-19</p>	<p>Physical Site adaptations to be followed:</p> <ul style="list-style-type: none"> • A zoning model “Year Group Bubbles” has been implemented to reduce contact and maximise distancing across the site. • Phases to have designated drop-off and collection points with staggered timings to minimise the number of parents on site at any point. • ‘Year Group Bubbles’ will be used for staggered breaks and lunch times. • In wrap around care, such as breakfast club we can enable wider groups to come together, however, this will be under strict distancing measures. Year groups will be kept separate. • Mixing of wider groups may be required for specialist teaching, such as RWInc, in which case, the pupils should be separated, according to social distancing guidelines. Desks must be wiped in between different groups of pupils. • Class bubbles can share toilets, but toilet breaks are staggered, or managed one pupil at a time if pupils appear from different bubbles. Staff must be vigilant in this area. • Class desks must be set up facing forward and maximising distancing. • All settings must only have essential furniture, equipment and resources. • Staff facilities to have maximum occupancy signage which must be adhered to and welfare breaks to be managed accordingly. • Rooms used for PPA sessions must be cleaned before and after use and will be used by adults only. • As much as possible training and CPD will occur remotely. • If staff are required to gather together for training purposes, masks will be worn and the hall will be used where social distancing can be adhered to. • Essential visitors within the school building by appointment only. 	5	2	10	

	<p>Measures within the classroom:</p> <ul style="list-style-type: none"> • Adults must try to maintain a two-metre distance from children, although it is accepted that this may not always be possible, depending on the age and understanding of the pupils. • PE to be outdoor where possible, <u>children to come into school in full PE Kit on PE days.</u> • Adults should maintain a safe social distance from other adults at all times. • Staff should try to avoid/limit close face to face contact and minimise time spent within 1 metre of anyone. • Individual risk assessments will be in place for SEND pupils where required. • Collective worship and assemblies will not happen in large groups. These will take place in class bubbles. • Movement around school should be limited and managed. Playtimes and lunch times will be staggered. • One-way systems should be put in place where possible. • Windows and doors must remain open where safe to do so. • CIBSE guidance on ventilation implemented in all settings. • Perspex screens are available for one to one work. <p>Regular Cleaning to be undertaken:</p> <ul style="list-style-type: none"> • Daytime cleaner/s are employed to cover all areas. • A cleaning schedule is in place to deliver: <ul style="list-style-type: none"> -more frequent cleaning of rooms and areas -regular cleaning of frequently touched surfaces -regular toilet cleaning -cleaning of shared areas between use. • SLT to support cleaning in dining room across lunchtime. • General cleaning duties performed using anti-vital cleaning products (COSHH assessed) and specialist equipment as necessary e.g. fogging machines. • COVID cleaning kits available in each teaching space. • Enhanced daily cleaning schedule to all catering areas. • Enhanced daily cleaning routines across the site. <p>Regular hygiene routines to be followed:</p>				
--	--	--	--	--	--

	<p>Clean hands thoroughly more often than usual</p> <ul style="list-style-type: none"> • All hand washing protocols apply as per coronavirus (COVID-19) risk assessment issued to all schools in March. • Pupils must sanitise hands on entry to school, at breaks and lunchtimes, after changing rooms, at the end of the school day and after sneezing/coughing. • Additional hand sanitisers are available in every classroom and at key points around the school building and entrances • Pupils must receive reminder lessons frequently around how to wash hands and the use of sanitiser, this must become part of school routines and culture • Younger pupils and those with complex needs may be helped to washed hands properly. • When using hand sanitiser pupils must be supervised given risks around ingestion • Regular checks by site team to ensure additional hand soap available in every classroom and in all other handwashing locations • Hand driers have been decommissioned and paper towels provided. • Toilet lids to be put down prior to flushing. <p>Ensure good respiratory hygiene</p> <ul style="list-style-type: none"> • The 'catch it, bin it, kill it' approach must continue to be promoted and implemented across school. Pupils will have individual packs of tissues and nappy bags to support disposal. Tissues will be placed in individual small liners and then into the double lined bin and hands washed straight after use. • Lidded bins available in each classroom and key areas, these will be with double bags and emptied regularly throughout the day. • Gloves and disinfectant available for adult use in classroom if required (for example a pupil should sneeze on equipment) or if younger pupils or those with complex needs require support. <p>Facemasks</p> <ul style="list-style-type: none"> • SCRCAT facemasks have been provided to all staff. They must be worn when not in the group bubble and moving around 				
--	--	--	--	--	--

	<p>inside the school in communal spaces where social distancing may not be possible.</p> <ul style="list-style-type: none"> • Visors are available and can be worn when delivering interventions. <p>School routines:</p> <p>Please refer to updated Behaviour Policy available on school website.</p> <ul style="list-style-type: none"> • Any staff, student or visitor displaying symptoms, or with household members displaying symptoms, must not attend school. They must engage with NHS Test and Trace immediately. • If a member of staff becomes unwell with a new, continuous cough or high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and instructed to engage with NHS Test and Trace immediately. • If a child presents with a symptom a member of SLT must be informed, they will put on PPE and take the child to the designated isolation area until they can be collected. Dependant on the age of the pupil social distance must be maintained if possible. • The isolation area must be deep cleaned once the pupil has left. • Staff, pupils and essential visitors only on site at anytime. • Local arrangements to be made with suppliers or contractors to ensure safe delivery or working. • Staff to continue cleaning highly touched items like desks, door handles, mice, keyboards and telephones with antibacterial wipes. • All STR staff are engaging in the voluntary lateral flow testing twice a week. <p>Equipment:</p> <ul style="list-style-type: none"> • Frequently used stationary, such as pencils, will be provided, clearly labelled and kept in the pupil's individual equipment tray. 				
--	---	--	--	--	--

	<ul style="list-style-type: none"> • Equipment such as books/games can be shared within the class bubble and will be cleaned regularly. Equipment for such as science, art and PE will be cleaned frequently and meticulously after use as they will be used by more than one bubble (or to be left unused for 48 hours, 72 hours for plastics) • Pupils will only bring essentials into school: book bag, lunch bag, water bottle and coat. These will be kept within the bubble in their individual deep tray. • Playtime equipment will be specific to each bubble and remain within the class bubble. <p>Signage & communication</p> <ul style="list-style-type: none"> • Pupil drop off and pick up points to be clearly communicated to parents/carers and signposted. • Effective signage to help staff, pupils and visitors navigate safely around school. • Accessible communication to staff and families to help them understand what the COVID-19 routines are, how to comply with them, and why they are needed. • Local arrangements for translation or other support to access information on signs or communications to pupils and families. <p>PPE</p> <p>(kite marked) is available onsite for staff members involved in medical, complex or intimate care procedures, isolation area staff also for cleaning staff, to include:</p> <ul style="list-style-type: none"> • Gloves • Face Shields • Face masks • Fluid protection aprons • PPE boxes to be kept in each bubble for quick access. Checked and restocked regularly. <p>Higher Risk Staff (including BAME) will be offered a personal risk assessment to inform the decision regarding deployment back to the on site workforce. This may include additional mitigation measures where appropriate.</p>				
--	---	--	--	--	--

	<p>Response to infection:</p> <ul style="list-style-type: none"> • All staff and parents/carers must engage with NHS Test and Trace immediately. • All staff and parents/carers must inform the school of any confirmed COVID-19 cases amongst the school community. • Local health protection advice will be followed in the event of a local outbreak.

PART TWO – ADDITIONAL COMMENTS

1. Implementation of the “System of Controls” in conjunction with this revised risk assessment will significantly reduce the risk of transmission of infection
2. Coronavirus (COVID-19) Higher Risk & BAME Staff Risk Assessment to be used in conjunction with this risk assessment
3. Coronavirus (COVID-10) Local Primary School Risk Assessment to be used in conjunction with this risk assessment
4. This risk assessment needs to be communicated to all employees to ensure that they are fully aware of all control measures
5. These are important actions that we can implement to prevent the spread of Coronavirus.
6. They are based on the hierarchy of controls as follows:
 - Minimising contact with anyone with symptoms
 - Regular handwashing and sanitising
 - Good respiratory hygiene – “catch it, bin it, kill it” and wearing of facemasks indoors in communal areas where social distancing may not always be possible
 - Regular cleaning of frequently touched items & surfaces
 - Minimising contact and mixing on site by implementation of zoning
7. The risk assessment is to be reviewed on an ongoing basis as per government guidance
8. Review and revise the controls to address any new hazards or higher risks which arise.
