

St Richard's V.C Academy

Religious Education Policy

Prepared by: Mrs A Bentley
Reviewed by RE team – Spring 2021

Mission Statement

At St Richard's, we are all valued for our uniqueness; growing, learning and respecting, knowing that Christ's love surrounds us.

Aspire, learn, serve and grow in Christ.

St Richard's exists to support parents and carers who are their child's first educators. We strive to ensure that children develop spiritually, morally, physically and academically in order to reach their true potential.

We aim to be a truly Christian community, where our relationships are built on the core Gospel values.

Our religious life is rooted in the faith, practice and moral teaching of the Roman Catholic Church.

Each person in our community is specially valued and has an important part to play in making sure that we live out our mission.

Rationale of Religious Education:

- We believe Religious Education to be ‘the core of the core curriculum.’
- We believe Religious Education is central to the educative mission of the Church.
- Aware that evangelisation and catechesis are happening in our school for some pupils, we are clear that the specific contribution Religious Education makes to the Catholic Life of the school is primarily educational and will be planned, taught, assessed and monitored with the same rigour as other curriculum subjects. We acknowledge and concur with the Bishops’ view of the importance of high quality religious education:
 - *“Excellence in religious education, then, will be characterised by a clarity of succinct religious learning objectives and of key content, by appropriate methodologies, rigour, richness of resources, achievement of identified outcomes and accurate methods of assessment. Classroom RE will be a challenging educational engagement between the pupil, the teacher and the authentic subject material.”¹*
- We understand Religious Education to be the systematic study of the teaching of the Church and the mystery of Christ.

‘At the heart of Catholic education lies the Christian vision of the human person. This vision is expressed and explored in Religious Education. Therefore Religious Education is never simply one subject among many, but the foundation of the entire educational process. The beliefs and values studied in Catholic religious education inspire and draw together every aspect of the life of a Catholic school.... All pupils have the right to receive an overall education which will enable them, in the light of the faith of the Church, to engage with the deepest questions of life and find reasons for the hope which is within them. Religious Education is, then, the core subject in a Catholic school.

(Statement on Religious education in Catholic Schools – Bishops’ Conference 2000)

Religious Education is regarded as an academic discipline with the same systematic demands and the same rigour as other disciplines². As such it is to be taught, developed and resourced with the same commitment as any other subject.’

(Curriculum Directory P.10)

Classroom Religious Education has as its outcome:

“Religiously literate and engaged young people who have the knowledge, understanding and skills – appropriate to their age and capacity – to reflect spiritually, and think ethically and theologically, and who are aware of the demands of religious commitment in everyday life”.

(Curriculum Directory Pg 10)

The Aims of Religious Education as stated in the Curriculum Directory are:

- To present engagingly a comprehensive content which is the basis of knowledge and understanding of the Catholic faith;
- To enable pupils continually to deepen their religious and theological understanding and be able to communicate this effectively;
- To present an authentic vision of the Church's moral and social teaching so that pupils can make a critique of the underlying trends in contemporary culture and society;
- To raise pupils' awareness of the faith and traditions of other religious communities in order to respect and understand them;
- To develop the critical faculties of pupils so that they can relate their Catholic faith to daily life;
- To stimulate pupils' imagination and provoke a desire for personal meaning as revealed in the truth of the Catholic faith;
- To enable pupils to relate the knowledge gained through Religious Education to their understanding of other subjects in the curriculum;
- To bring clarity to the relationship between faith and life, and between faith and culture.

Religious Education in the Classroom and Curriculum Time Allocation

In line with the Bishops' Conference recommendations, 10% of curriculum time is allocated to Religious Education. This does not include collective worship.

Programme of Study

To fulfil the above aims and to address the four areas of study outlined in the Curriculum Directory – Revelation, Church, Celebration and Life in Christ - the 'Come and See' programme is used as recommended by the Diocese.

Process

We teach Religious Education through the process of *Explore, Reveal, Respond*. This follows the pattern of: the human search for meaning, God's initiative in Revelation and the response in faith.

This pattern is outlined both in the Catechism of the Catholic Church and in the Curriculum Directory. As the Directory states: 'Teaching in Religious Educationshould help people be attentive to the meaning of their experiences, illumined by the light of the Gospel, so that they may respond to God more fully. Experience can also make the Christian message more intelligible.

(Curriculum Directory Pg 11)

Methodology

A variety of teaching and learning strategies will be used from across the curriculum adapted appropriately to the needs and learning styles of pupils. A creative approach to teaching and learning in Religious Education is encouraged to enhance the curriculum and the children's enjoyment of the subject.

Inclusion

All pupils in our school, irrespective of ability, faith and background will have appropriate differentiated access to the Religious Education programme.

Other Religions

Two other religions are taught from EYFS to Year 6 following the programme of study in 'Come and See'. These are Judaism, which is taught in the Autumn and *Islam*, which is taught either in the Spring or Summer. One week's teaching and learning time per year is given to each.

Assessment, Monitoring, Recording and Reporting

- Assessment of standards is carried out according to Diocesan guidelines using the criteria set out in Levels of Attainment in RE agreed by Bishops' Conference.
- Each teacher keeps a class record of assessed work and records of pupils' progress. These are collected by the RE Coordinator and used to track progress
- The school portfolio of pupils' work contains samples of work from each year group for each assessed topic covering a range of abilities.
- An in-house moderation meeting is held every *term*.
- The Hull Catholic Family of Schools have termly planning meetings to support in ensuring that all of our children have access to an engaging, well-planned curriculum.
- The Hull Catholic Family of Schools have termly moderating meetings. This involves all RE Coordinators from the Catholic Primary schools.
- Examples from the school portfolio of assessed samples of work are presented for Diocesan Moderation at RE cluster group meetings.
- A comprehensive and rigorous monitoring of teaching and learning takes place each term.
- Progress and achievement is recorded and tracked termly as a result of the assessed task alongside a summative judgement of attainment.
- Progress and achievement in Religious Education is reported to parents/carers in a written report at the end of each academic year.

Management of the Subject

Mrs Catherine Coldham, with the support of the Assistant Head of School and Subject Leader, Mrs Alison Bentley, have responsibility for leading, managing and supporting the delivery of and training in Religious Education.

Policy Monitoring and Review

This policy will be monitored, evaluated and reviewed *and* updated every 2 years.

Next review will be July 2020
